

Order Code:

EIRO10-M – Floor standing mesh board complete with motion switch dry iron

The floor standing board has a super lightweight, all metal mesh board and supplied with a motion switch standard dry iron.

The motion switch system ensures the iron cannot be left unattended for long periods

The boards can be adjusted to 6 different heights and an elastic strap retains the iron when not in use, so it can be stored away neatly. An iron retention kit is also supplied.

Actual size W 34 x H 97 cm
