Popular discreet front of house

Insect-a-clear Fly Shield Range

Simple to clean & service

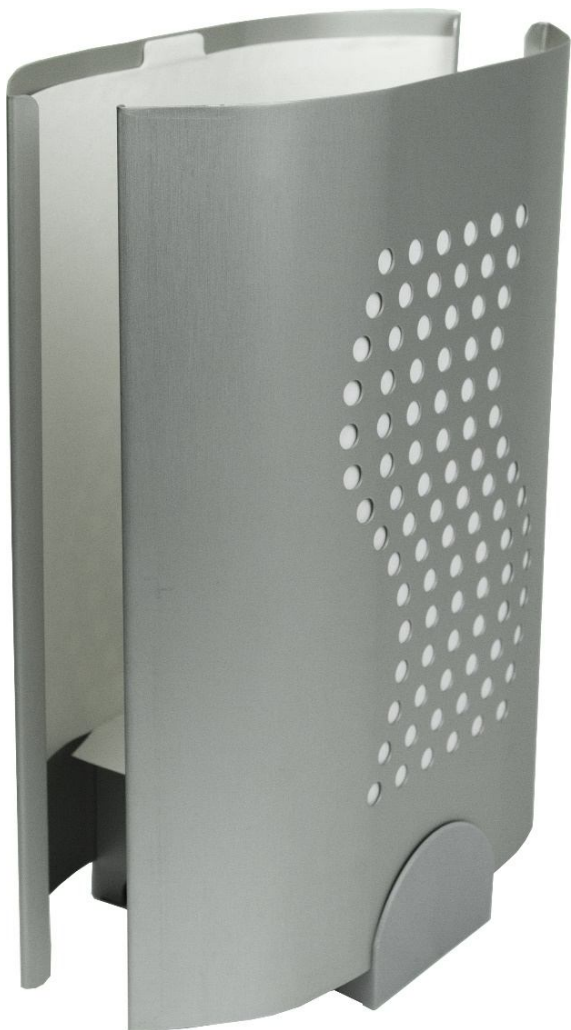

Discreet, stylish and effective not only for domestic use, but also for the office, for catering, and more.

Fly-Shield Solo 'Plus' has two glue boards, making it identical back and front. Being reversible means it can be placed centrally in the premises providing a greater catch area. This makes the machine particularly ideal for both domestic and commercial use where good looks are important. A further design feature to both the current model and new Solo Plus is the stylish two tone mounting. Constructed from anodised aluminium both models are simple to clean and service as well as easy and light to handle.

-  silver anodised  Up to 90 m² approx
-  230 volts  2m cable
-  23 watts  W 23 x H 31 x D 12.5 cm
-  ca. 1 kg  CE CE approved and tested to BS EN 60598-2-4/1998 & 60598-1:2004
