The Fusion & GLU Ranges

Glue Board Fly Killers

UK  MADE

Quick and simple maintenance

Insect-a-clear Fusion & GLU Ranges

Easy servicing / Easy mains isolation / Easy access

Tools-free servicing

Retaining plates simply lift open to slide glue board into position

The **FUSION** range have many features that make maintenance quick and simple. Stainless steel retaining plates simply lift open to allow the glue boards to slide in & out from its position. When the time comes to change the lamps, the front can be removed without the need of any tools. With its unique 'thru board design' all the lamps can be seen from both sides of the machine, thus giving maximum attraction to flying insects.

-  white or stainless
-  coverage up to 100 m² approx
-  230 volts
-  2m cable
-  55 watts
-  W 51 x H 38 x D 9 cm

Insect-a-clear – manufactured with precision and 100% quality control!

The "Insect-a-clear" family has grown from a single machine to more than 30 different glue board and high tension grid fly killers providing a comprehensive range to suit individual needs. Each of our Insect-a-clear fly killers are CE approved and have been formally tested.

Bower Products is an independent family manufacturing business

A family business with more than 30 years' history of providing a comprehensive range of quality products to the Pest Control, Hygiene and Hospitality industries. Our professional and friendly sales team can provide all the technical information and honest sales advice that will help you select the right product.

GLU-60

The **GLU-60** conforms to IP65 for water and dust protection. Now incorporates an electronic ballast which removes the need for starters and also allows for voltages 110v-240v. Made for suspending, wall mounting or free standing with easy servicing - just remove 1 screw for access to the tube, starter and glue board. Dust guards are provided for dusty environments.
