Quick & easy to use

Check-a-note

Check-a-note replacement order code:

TS06BX-P - lamp – standard

Voltage – 220 / 240v

Total watts – 20w

Finish – painted in attractive leatherette finish

Construction – zintec coated steel, powder coated black

Simply place the banknote, credit card, cheque or passport under the **Check-a-note** and forged bank notes will glow white instead of their normal dull colour, credit cards will show up any security markings and forged cheques, like banknotes, will glow white. New passports will also show any security markings. Manufactured in mild steel and painted in an attractive leatherette finish. Plastic is not used in the main construction as this tends to degrade with the effect of ultra violet light. Fitted with 1.5m mains cable / fused and can be wall mounted in 2 positions or free standing
