Insect-a-clear IP Range

These models are IP rated to either IPX4 or IPX5

Easy access catch tray

The Insect-a-clear **T95-IP** has been designed to offer effective insect control in damp and high humidity areas or where frequent cleaning operations causes splashing. It conforms to the waterproof rating IPX5 and, after switching the power off, can be hosed down using a low pressure hose. Versatile for wall mounted, suspended or free standing and is particularly suited to areas where ceiling height or wall space is restricted.
