

Insect-a-clear

Order Code:

FGN4SW - Nano 4 LED in white with a shatter resistant lamps

FGN4SS - Nano 4 LED in stainless with a shatter resistant lamps

The Nano 4 LED addition continues the range of the Insect-a-clears with the introduction of LED technology. It ensures even less power consumption than normal electronic ballast machines. The lamp driver is located IN THE LAMP, thus when changed, ensures a 'new machine'. No more replacing expensive drivers after a few years. It is a professional UK manufactured glue board insect control machine suitable for restaurants, kitchens, food shops etc. where flying insects pose a problem. Made for wall mounting, suspending or free standing; the 'lift and lock' front guard enables tools free servicing. With competitive pricing and the option of white or stainless steel, make this a very popular model
