

Insect-a-clear

Order Code:

FG05SS – GLU-5 with one 4w LED shatter resistant lamp.

FG10SS – GLU-10 with two 4w LED shatter resistant lamps.

FG15SS – GLU-15 with two 5w LED shatter resistant lamps.

The flying insects are attracted to the *Insect-a-clear* GLU machine by the high output LED UV lamps. These lamps have their starters built into the lamp. When changing the lamp, you get a 'new' machine unlike other models where the control gear will require changing at some time.

Removing the glue board is quick and easy and once removed, monitoring by a pest controller or hygiene manager is easily undertaken.

Conforms to IP65 for water and dust protection

Made for wall mounting or free standing.

Screws and wall plugs are supplied.
