

Insect-a-clear

Order Code:

FGL6SS - Fly Shield 6 with 2 shatter resistant lamps.
FGL7SS - Fly Shield 7 with higher capacity glue tray.

The Insect-a-clear **FLY-SHIELD 6 LED** is the discreet alternative to high voltage grid machines. With its 2 new ultra low power LED lamps it uses less than 20% of the original Fly-Shield 2's wattage.
 For higher infestation areas, the FLY-SHIELD 7 uses the same chassis as the FLY-SHIELD 6 but is supplied with a double size tray and is used as a suspended machine.

Have you seen the Coffee and Lunch Fly Shield 5 machines?
